THE MASTER OF BUSINESS MANAGEMENT

The Master of Business Management (MBM) will offer students an integrated experience of management principles including the management of employees, finance and information. It is a course work degree of four semester of full time study or eight semester part time study. The course is designed to provide managers, and those who will become managers, with necessary skills to be effective in the changing context of work, organizations and business. The initial foundation unit to be completed addresses business communication in the domestic, international and legal context. This will provide students with a good basis from which to build. It will also build cohort rapport to enable and encourage peer networking. The eleven core units, covering the major fields of management, will provide students with a strong base of business knowledge.

Student can choose a specialization; Executive Leadership and Public Administration. Achieving a specialization will enable students to choose to receive an award that encapsulates the topic they have selected.

ELIGIBILITY & ADMISSION CRITERIA
